Priya Raghunathan

Lead Data Scientist

priya.raghunathan@example.org · Chennai (open to Remote)

PROFILE

Data science leader with 12 years of experience in healthcare and insurance analytics. Specialises in forecasting, causal inference and building teams that put models into clinical and claims operations. Open to remote roles.

EXPERIENCE

Lead Data Scientist 2021 - Present

Veridia Health Analytics, Chennai - *Hospital analytics provider (healthcare)*

- Leads a team of 7 data scientists building patient-flow forecasting and readmission-risk models for 40 hospitals.
- Introduced causal-inference reviews before any model reaches clinical operations.

Senior Data Scientist 2018 - 2021

Veridia Health Analytics, Chennai - *Hospital analytics provider (healthcare)*

- Built bed-occupancy forecasting models (XGBoost, Prophet) and Tableau dashboards for hospital operations.

Data Analyst 2014 - 2018

Copperleaf Insurance, Chennai - *General insurer (insurance)*

- Analysed claims data in R and SQL to detect fraud patterns and support motor policy pricing.
